Dear Sir,

Sub: - Disclosure of Media Coverage - Launch of Indigenously Developed “MRO-TEK CORNUS Family 1G Switches” by Umiya Buildcon Limited

Pursuant to Regulation 30 of SEBI (LODR) Regulations, 2015, we wish to inform you that Umiya Buildcon Limited (Formerly MRO-TEK Realty Limited) has launched its indigenously developed “MRO-TEK CORNUS Family 1G Switches” on September 25, 2025.

The CORNUS switches, built with over 65% local content and qualifying under Class 1 of DPIIT’s Make in India policy, have been designed and developed in-house, incorporating the Company’s proprietary MRO-OS software. The switches are manufactured at the Electronics City, Bengaluru facility, from the SMT stage onwards. These devices have been certified by the Telecommunication Engineering Centre (TEC) under the DoT’s MTCTE framework and recognized as Trusted Products under the Trusted Telecom Portal (NSCS).

The launch is aimed at supporting critical sectors such as telecom operators, ISPs, industrial automation, railways (RDSO compliant), and public surveillance networks. The launch coincides with the anniversary of the Government’s Make in India initiative and is aligned with Umiya’s vision of technological self-reliance, innovation, and contribution to India’s digital infrastructure.

For additional details, please refer to the news coverage in Economic Times Telecom: <https://telecom.economictimes.indiatimes.com/news/telecom-equipment/umiya-buildcon-launches-cornus-1g-switches-plans-for-10g-and-40g-gear/124106227>

Thanking you.

For Umiya Buildcon Limited
(Formerly known as MRO-TEK Realty Limited)
